

A Universidade do Estado de São Paulo!

49 anos!!!

UNESP é líder mundial
em **inovação**, segundo
ranking internacional

UNESP é **líder** no ranking do The Times Higher Education no ODS 9!

<https://www.timeshighereducation.com/impactrankings/industry-innovation-and-infrastructure>

UNESP em números

34 Faculdades
24 campus

Presença

39.224
estudantes

Graduação

14.334
estudantes

Pós-Graduação

3.182
(98% RDIDP)

Docentes

136 (63 diferentes carreiras)
5.618 Formandos/ano

Curso de Graduação

149 Mestrados and 117 Doutorados
2.019 MSc and 1.204 PhD

Reportagens

Estudo propõe nova metodologia para calcular montante de carbono sequestrado por florestas tropicais

Métodos atuais, concebidos a partir da observação de florestas de clima temperado, registram apenas parte do total acumulado em solos brasileiros. Estimativas fiéis ao contexto tropical são fundamentais para o pleno funcionamento do mercado regulado de carbono, importante ferramenta para combater as mudanças climáticas, cuja criação está em debate no Congresso Nacional.

Unesp inaugura a primeira fábrica multipropósito de biofármacos para pesquisa clínica da América Latina

Saiba como esta fábrica poderá ser uma parceira valiosa para a indústria farmacêutica e de biotecnologia brasileira e latino-americana. Sua inauguração acontecerá no dia 13 de junho próximo, às 10h, em Botucatu (SP).
