## Dear Visitor,

It is a pleasure to welcome you to the **BRASIL Pavilion** at **SIAL Middle East 2017**. We are delighted to present a sample of the Brazilian products.

Brazil's large territory and diversity of ecosystems and climates - from semi-arid to temperate - its multiculturalism and excellence in agricultural technology all sum up to deliver a varied and vast food production. The exhibiting companies at the BRASIL Pavilion at SIAL Middle East 2017 sample the liveliness and diversity of Brazilian agriculture and food industry.

The Pavilion will showcase a flavoursome ensemble of products: beef, chicken meat, fish, Amazon fruits (*açaí*, acerola), rice, sugar, soybean, coffee, biscuits, candies, food ingredients, eggs and mineral water, to name some of them.

***Come and have a taste of Brazil!***
