Computers & Displays Criteria Information

LG 24BK550Y - Monitors

Reduction/elimination of environmentally sensitive materials

| Meets<br>Criterion | Required/<br>Optional<br>Criterion | Criterion   | *Declared Value                       |
|--------------------|------------------------------------|---|---------------------------------------|
| YES                | Required                           | 4.1.1.1 Compliance with provisions of European RoHS Directive upon its effective date                               |                                       |
| YES                | Optional                           | 4.1.2.1 Elimination of intentionally added cadmium  |                                       |
| YES                | Required                           | 4.1.3.1 Reporting on amount of mercury used in light sources (mg)   | Light source(s)<br>contain no mercury |
| YES                | Optional                           | 4.1.4.1 Elimination of intentionally added lead in certain applications   |                                       |
| YES                | Optional                           | 4.1.5.1 Elimination of intentionally added hexavalent chromium  |                                       |
| YES                | Optional                           | 4.1.3.2 Low threshold for amount of mercury used in light sources   |                                       |
| YES                | Required                           | 4.1.6.1 Elimination of intentionally added SCCP flame retardants and plasticizers in certain applications           |                                       |
| YES                | Optional                           | 4.1.6.2 Large plastic parts free of certain flame retardants classified under European Council Directive 67/548/EEC |                                       |
| N/A                | Optional                           | 4.1.7.1 Batteries free of lead, cadmium and mercury   |                                       |
| YES                | Optional                           | 4.1.8.1 Large plastic parts free of PVC   |                                       |
| YES                | Optional                           | 4.1.3.3 Elimination of intentionally added mercury used in light sources  |                                       |

\*For some criteria, manufacturers must declare values to meet the criterion and for others the manufacturer may declare values voluntarily.
