Caio Kague

Partner @ Innoscience
São Paulo, São Paulo, Brazil

Summary

More than 13 years' experience in the construction industry, real estate and infrastructure sectors, operating in Brazil and Colombia. Either working in jobsites or headquarters, I have been pursuing performance enhancement using PMBoK, Lean Manufacturing and Lean Startup concepts. With an international Master in Digital Transformation and an Innovation Management Specialization, I have become a specialist managing a Technological Transformation portfolio and also culture of innovation process. By practicing open innovation, aiming at industry 4.0 technologies, I cultivate partnerships with startups, universities, innovation hubs and research centers.
