REGULATIONS OF THE PROGRAM FOR SUPPORTING THE TRANSLATION AND PUBLICATION OF BRAZILIAN AUTHORS ABROAD

Through the Regulations of the Program for Supporting the Translation and Publication of Brazilian Authors Abroad, the National Library Foundation (FBN) establishes the criteria for granting financial assistance to foreign publishers who wish to translate, publish, distribute, and commercialize works by Brazilian authors, previously published in Brazil, abroad. These Regulations comply with the provisions of the current legislation (Law No. 8.313/1991; Law No. 9.610/1998; Decree No. 11.453/2023; Ministry of Culture Ordinance 29/2009; Executive Decision FBN No. 200/2011; supplementarily, Law No. 14.133/2021; and Law 14.903/2024).

CHAPTER I

GENERAL PROVISIONS

Art. 1 The Program for Supporting the Translation and Publication of Brazilian Authors Abroad, created by the FBN in 1991 and integrated into the policy of Internationalization of Books and Literature (cf. Executive Decision FBN No. 200/2011, Article 1, Sections I and VII), aims to promote Brazilian culture and literature abroad by granting financial support to publishers.

§ 1º The Program is offered to foreign publishers who wish to translate into any language, publish, distribute, and commercialize abroad, in the form of a book (printed, digital, or both formats), works by Brazilian authors that have been previously published in Brazil in Portuguese.

§ 2º The Program is offered to foreign publishers from the Community of Portuguese Language Countries (CPLP) who wish to publish, distribute, and commercialize works by Brazilian authors in their countries.

Art. 2 The Center for Cooperation and Dissemination (CCD) shall annually publish the Public Call Notice for the Program, which will remain in effect until the end of the fiscal year in which it was published. In the same act, or in a subsequent act, an Evaluation Committee will be appointed as provided in Chapter III below.

§ 1º Special edition notices of the Program may be published, as per the interest of the FBN.

§ 2º The Call Notice may be renewed, if necessary, for successive periods of six months, up to a maximum of two years, at the discretion of the Center for Cooperation and Dissemination and with the approval of the FBN Presidency.

Art. 3 The Public Call Notices shall necessarily include:

- I. Reference to these Regulations, with any permitted variations (cf. Art. 1, § 2; Art. 2, § 1; and Art. 9, § 1);
- II. The current schedule of activities, including the dates for receiving applications, the period for the Evaluation Committee's meetings, the period for appeals, and the announcement of partial and final results of the selection and eligibility phases;
 - I. The sources and amount of funding (cf. Arts. 6 to 8);
 - II. The method for submitting the application documents (cf. Art. 16).

Art. 4 The Program considers Brazilian authors to be either native or naturalized.

Art. 5 The Program will provide support for translation, editing, and/or publication proposals in both the humanities and the sciences, in the following genres:

- I. Anthologies of poems and short stories, in whole or in part;
- II. Short stories, chronicles, poetry, and novels;
- III. Essays (literary, social, popular science, etc.);
- IV. Comics;
- V. Oral tradition stories;
- VI. Children's and young adult literature;
- VII. Picture books.

§ 1º Projects supported under the Program may also include accessible editions of the work, including through features such as plain language, non-verbal language, Braille, or other means compatible with the nature of the work, the target market, and the authorization of the relevant rights holders.

§ 2º The editorial accessibility features referred to in § 1 shall not constitute an autonomous category for the purposes of these Regulations.

§ 3º With the aim of expanding the dissemination of Brazilian literature and intellectual production, the FBN may award support grants, subject to a special assessment by the Program's Evaluation Committee, to projects involving collections of essays, short stories, or poems that include works previously unpublished in Brazil, provided that authorization has been obtained from the holders of the relevant copyright.

Art. 6 The budgetary resources for the Program are sourced, either alternatively or concurrently, from:

- I. The action for promoting and supporting Brazilian culture in the Annual Budget Law (LOA);
- II. The National Culture Fund (FNC);
- III. The Ministry of Foreign Affairs (MRE);

IV. Another public or private entity partnering with the FBN.

Sole Paragraph. Financial allocation for the fiscal years following the year of issuance of the Call Notice will be contingent upon the availability of budgetary resources from the FBN or the partnering entity, as described in the main provision.

Art. 7 The Program's Evaluation Committee will provide partial or full funding for:

- I. Translation and/or editing of works by Brazilian authors by foreign publishers who wish to translate into other languages and have a distribution plan for the works abroad;
- II. Editing and printing of works by Brazilian authors by foreign publishers from the Community of Portuguese Language Countries (CPLP);
- III. Translation, editing, and printing of comic books and works in the children's and young adult segments.

§ 1º Supported projects may also include accessible editions of the work, in accordance with Article 5, § 1.

§ 2º Once projects have been submitted as applications to the Program, no changes to their scope shall be permitted.

Art. 8 The provision of support, both in terms of resources (cf. Art. 6) and funding (cf. Art. 7), is subject to budgetary availability.

§ 1º If there are insufficient resources for all approved publishers, a waiting list will be created. However, the requested support should be considered as an expectation of entitlement, not a guarantee. The CCI/CCD/FBN will adjust the allocation according to the order of the waiting list and budgetary availability, provided that the validity period of the notice is respected, as per Art. 2, caput, above.

§ 2º The waiting list will be published on the Program platform and on the FBN website, and the selected publishers will be listed in order of classification according to the criteria of the Call for Proposals.

Art. 9 Financial support may be granted to publishers for projects involving:

- I. Unpublished translations;
- II. Revised and expanded translations that, although already translated into a certain language, require a new translation to reflect specific regional characteristics of the same language;
- III. Translation, editing, and printing of comic books, works in the children's and young adult segments, and picture books;

- IV. Reissues of works already translated in the publisher's country and that have been out of print and off the editorial market for at least three years;
- V. For CPLP foreign publishers, unpublished editions or reissues of works already published in the country have been out of print and off the market for at least three years.

§ 1º The projects provided for in this article may also include accessible editions of the work, in accordance with Article 5, Section 1.

§ 2º Unless otherwise specified in the Call Notice, the FBN will provide financial support ranging from US\$ 1,000.00 (one thousand US dollars) to US\$ 6,000.00 (six thousand US dollars) for unpublished or new translation projects (Sections I, II, III, and V); and support of up to US\$ 3,000.00 (three thousand US dollars) for reissue projects (Sections IV and V).

§ 3º The support granted is supplementary, and the proposing publisher is responsible for executing and monitoring the project; for fully settling the agreed financial support with the translator, even if the support provided by the FBN does not cover the entire translation proposal; and for any other obligations necessary for the project to be completed in full.

§ 4º The support granted by the Program is non-reimbursable, meaning it constitutes financial assistance aimed exclusively at fostering the translation and future publication of Brazilian works abroad. Its purpose is to enable the execution of the proposed project and not to reimburse the publisher for activities already completed. Only foreign publishing houses that have neither published nor translated the work submitted in the project will be eligible for support.

I. Projects that have been completed in advance will not be eligible. This applies to works whose translation and/or publication were finalized and are already being commercialized prior to the submission of the application — even if it is the same edition proposed in the project.

II. Projects submitted under the current Call for Applications of the Program of Support for the Translation and Publication of Brazilian Authors Abroad that have not yet been deemed eligible or lack any formalized documentation will forfeit their right to the translation grant.

III. Projects involving the re-edition of works previously translated in the applicant publisher's country may be accepted, provided they meet the criteria established in these guidelines (cf. Article 9, section IV).

CHAPTER II

§ 1º The appointment of alternates cannot be delegated to other public or private entities.

§ 2º From one Call Notice to another, the appointment of the Evaluation Committee should adhere to the principles of impartiality and desirable rotation in public positions, even if honorary.

Art. 20 The Evaluation Committee is divided into a Selection Subcommittee and an Eligibility Subcommittee, both presided over by the same representative from the Center for Cooperation and Dissemination (CCD/FBN).

Art. 21 The president of the Program's Evaluation Committee is responsible for, without prejudice to the duties of the other members:

- I. Coordinating the work of the Selection Subcommittee and the Eligibility Subcommittee;
- II. Presiding over the meetings of the Evaluation Committee;
- III. Appointing the rapporteur for meeting minutes (cf. Art. 26, Sole Paragraph);
- IV. Casting a tie-breaking vote when necessary.

Art. 22 The quorum for establishing the Selection Subcommittee consists of seven members:

- I. A representative from the CCD/FBN, as president (cf. Art. 20 and 21);
- I. A representative from the Center for Research and Publishing (CPE/FBN);
- II. A representative from the Ministry to which the FBN is linked or from its Secretariats or affiliated Institutions;
- III. A representative from the Ministry of Foreign Affairs (MRE) from the culture and education sector;

Sole Paragraph. The minimum quorum for the validity of the Selection Subcommittee meeting is four participants, in addition to the president.

Art. 23 Members of the Selection Subcommittee and their respective alternates are prohibited from evaluating applications in which:

- II. They are in judicial or administrative dispute with the proposing institution, or if such situations occur with their respective spouse or partner.

Art. 24 The Eligibility Subcommittee will consist of three members, appointed from among the staff of the CCD/FBN, with one of them being the president of the Evaluation Committee.

§ 1º § 1º If necessary, without prejudice to its presidency and its respective alternate, up to two members of the Eligibility Subcommittee may be appointed from other FBN staff not belonging to the CCD/FBN.

§ 2º The minimum quorum for the validity of the Eligibility Subcommittee meeting is three participants.

CHAPTER IV

EVALUATION OF PROJECTS

Art. 25 The evaluation of projects to be awarded by the Program will be carried out by the Evaluation Committee in two stages:

- I. *Selection phase*, in a classificatory manner, by the Selection Subcommittee;
- II. *Eligibility phase*, in an eliminatory manner, by the Eligibility Subcommittee.

Art. 26 Decisions of the Subcommittees will be made by a majority of their members, based on the criteria of this Regulation and the current Call Notice.

Sole Paragraph. Meetings held by both Subcommittees will be recorded in minutes signed by all present members.

Section I

Selection

Art. 27 The Selection Subcommittee is responsible for:

- I. Analyzing the applications according to the scoring criteria and the determination of the support amount, as provided in this Regulation and the current Call Notice;
- II. Review any requests for reconsideration from the selection phase.

Art. 28 The applications selected by the Selection Subcommittee will be forwarded to the members of the Eligibility Subcommittee for review and consideration, for a minimum period of 10 (ten) business days.

Art. 29 It is the responsibility of the president of the Evaluation Committee to alert the members of the Subcommittee to the need for special review of projects:

- I. Whose authors do not meet the terms of Article 4 of this Regulation;
- II. Whose scope is addressed in Article 5, Sole Paragraph, of this Regulation;
- III. Whose scope falls within the exception provided by Article 7, Sole Paragraph;
- IV. That do not meet the minimum print run requirements, as specified in Article 46 of this Regulation.

Art. 30 The Selection Subcommittee will adopt four scoring criteria (A, B, C, and D), as indicated in Table 1 of this Regulation, to classify projects with a score ranging from zero to 25 (twenty-five).

Art. 31 In the meeting, which may be held in person or virtually, the average scores of the projects will be calculated. Projects that score zero in any of the criteria listed in the scoring table will be automatically disqualified, or projects that do not achieve the following minimum scores:

- I. For non-Portuguese-speaking projects: 17.5 (seventeen and a half) points;
- II. For projects submitted by publishers from the CPLP: 14 (fourteen) points, since only criteria A to C apply to them.

Art. 32 In the event of a tie in the scores, the project with the highest score in criterion A will prevail; if the tie persists, criterion B will be considered; if the tie continues, criterion C will be used; and if the tie remains, criterion D will be used (cf. Art. 35).

Sole Paragraph If the tie persists, the proposal with the lowest cost for implementation will be ranked higher. If the tie continues, the President of the Evaluation Committee will cast the decisive vote.

Art. 33 In the meeting, the Selection Subcommittee will use the following criteria to determine the amount of support, based on the specifics of each project:

- I. The estimated cost of translation, considering the average costs for the target language;
- II. The estimated cost of publication.

Art. 34 Through its president, after the meeting, the Selection Subcommittee shall deliver to the CCD/FBN:

- I. A list of selected projects;
- II. A list of classified but not selected projects.

Sole Paragraph. Both lists must include the project name; country of origin; score obtained in the evaluation; amount of support granted; and names of the members of the Selection Subcommittee.

Art. 35 The selection results will be published on the FBN's website (<https://www.bn.gov.br/>) and made available on the Program's platform, within the timeframe established in the Public Call Notice's schedule.

Art. 36 Within 3 (three) business days from the date of the result's publication, the proposing institution may request a reconsideration of the list of selected projects and the granted amounts by the Subcommittee of Selection, which will be reviewed by all members.

§ 1º Any appeal request must be formalized by completing the appeal form made available on the Program's platform, in Portuguese, within the timeframe established in the Public Call Notice's schedule.

§ 2º The Evaluation Committee will review the reconsideration requests within a maximum of 5 (five) business days.

§ 3º The reconsideration request does not represent a new opportunity for the submission of documents by the publisher but only the possibility to correct errors in the evaluations.

Section II

Of Eligibility

Art. 37 The Subcommittee on Eligibility is responsible for examining the eligibility of the selected publishers and their possible appeals.

Art. 38 The eligibility examination of the selected publishers consists of verifying the documents submitted through the platform, in accordance with the provisions of Chapter II of this Regulation.

§ 1º To ensure efficient review of the applications, they must include the documents listed in Article 16-A of this Regulation, as indicated for both the selection and eligibility phases.

§ 2º The publisher acknowledges and assumes responsibility for the disqualification of the project during the eligibility phase resulting from the absence of information and/or the submission of accountability reports for previous projects, which are essential items for the assessment by the Subcommittee on Eligibility.

§ 3º The publisher will be disqualified if they present illegible, corrupted, incomplete documents, documents without signatures, or any other issues that prevent compliance with Article 16-A.

§ 4º The applying publisher may file an appeal only once, within the timeframe established by the notice. During the appeal phase, correction of previously submitted documentation issues will be allowed, but no new documents may be submitted.

Art. 39 After the end of the period for the analysis of the documentation by the Subcommittee on Eligibility, the preliminary results of the eligibility phase will be published within 3 (three) business days on the FBN's website (<https://www.bn.gov.br/>) and made available on the Program's platform, including the name of the applying publisher, the country of origin, the indicated literary work, its author, and, when applicable, the reason for the disqualification, according to the schedule established in the Public Call Notice.

Sole Paragraph. The selected and eligible publishers will be informed through the publication of the results on the FBN's website (<https://www.bn.gov.br/>) and on the Program's platform, according to the schedule established in the Public Call Notice.

Art. 40 An appeal can be filed against any disqualification from the Program (cf. Art. 37, §4º), to be submitted within 3 (three) business days from the day following the date of the preliminary results announcement.

§ 1º The request must be formalized by completing the appeal form made available on the Program's platform, duly completed in Portuguese.

§ 2º During the appeal period, resubmission of documents that were inconsistent and caused the disqualification of the application will be accepted.

§ 3º Appeals related to the absence of any documents mentioned in Article 16 will be rejected.

Art. 41 The final results of this phase will be published on the FBN's website (<https://www.bn.gov.br/>), made available on the Program's platform, and published in the Diário Oficial da União (DOU).

Sole Paragraph. The publishers registered under the current Public Call Notice will be informed of the publication of the final results through the FBN's website (<https://www.bn.gov.br/>) and the Program's platform, according to the schedule established in the Public Call Notice.

CHAPTER V

ON THE GRANTING OF SCHOLARSHIPS

Art. 42 After the final approval of financial support is announced, the selected applicants must submit, within 10 (ten) business days, the following additional documentation:

- I. Updated banking details for payment of the grant, in the name of the publisher or its legal representative, including the SWIFT/BIC code or an equivalent bank identifier, as applicable in the relevant country;
- II. A valid identity document of the publisher's legal representative, required to verify the signature on the Term of Commitment and to process the grant payments.

Sole Paragraph. The publisher shall be solely responsible for keeping its registration and banking information up to date, as well as for submitting the supporting documentation required to execute the Commitment Agreement for the payment of the installments corresponding to the grant awarded.

Art. 43 The formalization of the support grant will be documented by a Term of Commitment written in Portuguese, signed between the legal representative of the publisher and the President of the FBN or their designated representative.

Art. 44 Approved supports will be paid to the awarded publisher in two installments as follows :

- I. 1st installment: 50% of the support, after the signing of the Term of Commitment by both parties (FBN and legal representative of the publisher);
- II. 2nd installment: 50% of the support, after the publisher complies with the provisions of Article 51 of this Regulation, within up to 24 months after the signing of the Term of Commitment.

Art. 45 A publisher with any pending issues with the FBN will not receive the support amount until the situation is regularized.

CHAPTER VI

OBLIGATIONS OF THE PUBLISHER

Art. 46 In the case of printed editions, the publisher shall undertake to publish at least:

- I – 500 (five hundred) copies of the work, in the case of a first edition published exclusively in print;
- II – 300 (three hundred) copies of the work, in the case of a reprint published exclusively in print;
- III – 300 (three hundred) copies of the work, in the case of an edition published in both print and digital formats.

§ 1º In the case of a publication exclusively in digital format, no minimum print run shall be required. The publisher shall, however, demonstrate in its distribution and marketing plan the conditions under which the work will be made available, circulated, and accessed in the target market.

§ 2º In duly justified cases, the Selection Subcommittee may approve a quantity lower than that established in the caput of this Article, taking into account, among other factors, the size of the publishing house, the target market, the genre of the work, the intended audience, and the proposed distribution strategy.

Art. 47 The Publisher undertakes to include on the credits page of all editions of the published work the following reference, both in the language of the translation and in Portuguese, accompanied by the logos/trademarks of the Fundação Biblioteca Nacional, do Instituto Guimarães Rosa, do Ministério da Cultura, do Ministério das Relações Exteriores e do Governo Federal do Brasil:

§ 1º CCD/FBN will send the branding manual for the application of logos/trademarks along with the Term of Commitment.

§ 2º The reference to the support granted and the logos/trademarks of FBN, IGR, the Ministry of Culture, the Ministry of Foreign Affairs, and the Federal Government may be placed in a location other than the credits page, subject to approval by CCD/FBN.

Art. 49 The selected publisher commits to publishing the work within 24 (twenty-four) months from the date of signing the Term of Commitment.

Sole Paragraph. If the publisher proceeds with the publication of the work before signing the Term of Commitment, it will constitute a breach of the clauses of this Regulation, leading to the return of the granted amount, with the incidence of monetary correction and late interest according to legal requirements.

Art. 50 At least 30 (thirty) days before the expiration of the Term of Commitment, and in exceptional cases, the publisher may request an extension of up to 12 (twelve) months for the publication of the work.

The request must be made through a formal application by the publisher's legal representative, including detailed justifications for the postponement, which will be reviewed by the CCD/FBN, who will decide whether to accept or reject the request.

§ 1º If the extension request made by the publisher is approved by the CCD/FBN, the formalization will occur through the signing of an Addendum to the Term of Commitment between the FBN and the publisher's legal representative.

§ 2º The extension request may be granted exceptionally and only once, for up to twelve months.

§ 1º Five copies of the published work must be sent to the CCD/FBN office in Rio de Janeiro through the Embassy or official Brazilian diplomatic representation in the publisher's country via diplomatic pouch.

§ 2º Two copies must remain at the Embassy or official Brazilian diplomatic representation located in the publisher's country.

§ 3º In the case of publication in digital format, the publisher shall provide the FBN with the work in PDF format and shall demonstrate that the work has been made available and commercialized abroad in accordance with the approved proposal.

§ 4º Payment of the second installment shall be made only after the FBN has received the required copies.

Art. 52 After the payment of the 2nd installment, the awarded publisher undertakes to deliver:

- I. Individual receipts from each translator, in Portuguese, confirming that the professional has received payment from the publisher for the work done, including the amount;
- II. Six months after the book's release, even if the regular contractual period has expired, the publisher must submit a report to the FBN on the development of the distribution and promotion plan for the work in Portuguese (*cf. Annex III*).

Sole Paragraph. If the publisher fails to submit the report within the stipulated timeframe and/or any of the items mentioned in Articles 51 and 52, they will be prohibited from applying for new grants from the Program until their situation is regularized.

Art. 53 The publisher is responsible for the proper submission of documentation related to the Term of Commitment and the author and related rights authorizations for the work. Without this documentation, the Term of Commitment cannot be formalized.

- I. Any unforeseen event that leads to the discontinuation of the project, modifies or interrupts the execution of the Term of Commitment, or changes the publication and delivery deadlines of the translated work;
- II. Any change in the publisher's representative or the staff member responsible for the project.

Art. 55 The publisher must return any amounts received improperly to the FBN.

Art. 56 The publisher commits to providing the FBN with information on the translation schedule, production stages, and estimated publication date upon request throughout the contractual period.

CHAPTER VII

SUPERVISION AND SANCTIONS

Art. 57. Non-compliance with the provisions of this Regulation, the Call for Proposals, or the Commitment Term signed between the publisher and the FBN will result in penalties to be applied by the FBN according to the following criteria:

- I. Withdrawal of the project after the payment of the 1st installment and/or publication before the signing of the Term of Commitment will result in the return of the granted amount, with monetary correction and interest for delay according to legal requirements, and the inability to submit projects to the Program for up to three years, as assessed by the General Coordination of the CCD/FBN.
- II. Late compliance with publication deadlines (as specified in Art. 49 of this regulation), i.e., after the end of the contract signed with the FBN, whether through the Term of Commitment or Addendum Term, will result in a penalty deducted from the payment of the second installment, as follows: 10% for up to three months of delay; 20% for up to four months of delay; 30% for up to five months of delay; 40% for up to six months of delay; 50% for up to seven months of delay; 60% for up to eight months of delay; 70% for up to nine months of delay; 80% for up to ten months of delay; 90% for up to eleven months of delay; and 100% for delays exceeding twelve months.

- III. Failure to pay for contracted translation services and/or failure to provide proof of payment for the project will result in the restriction of the publisher from participating in new projects and funding from the FBN until proof of fulfillment of obligations is provided. Additionally, a penalty of exclusion from participation in future calls for proposals for 3 (three) years will apply.
- IV. Non-compliance with the Orthographic Agreement of the Portuguese Language by CPLP countries, following the terms of Article 14 of this Regulation, will result in the termination of the Term of Commitment and, consequently, the return of the amount of the 1st installment, with monetary correction and interest for late payment, under legal requirements. Additionally, the publisher will be subject to a penalty of exclusion from participation in future calls for proposals for 3 (three) years.
- V. Non-compliance with Article 47 and its paragraphs, regarding the use of the reference text and logos/logos approved by FBN, will result in a contractual breach, leading to:

a) Retention of the right to the second installment and imposition of a penalty that will prevent participation in the Program for 3 years, in the case of absence of the reference text and logos/logos approved by FBN.

b) Retention of 50% of the second installment if the logos/logos and reference text used do not comply with the standards approved by FBN.

c) If non-compliance with standards is detected, the publisher will receive an email from translation@bn.gov.br informing about the contractual breach and its implications. However, the publisher may respond within 5 (five) business days, stating that they will reprint the copies with the correct logos/logos and reference text. The publisher will have 3 (three) months to present the new proof of print run.

Art. The refund of received amounts must be made within 30 (thirty) days from the date of receipt of a formal notice sent by FBN, without prejudice to monetary adjustment and the incidence of legal interest on the amount to be refunded.

Art. 59 The Coordinators of the Center for Cooperation and Dissemination (CCD/FBN) will be responsible for applying the penalties provided for in this Regulation, as well as for analyzing any appeals.

Sole Paragraph. After being informed of the penalties, the publisher may appeal within 5 (five) business days, which will be reviewed by the Coordinators of the Center for Cooperation and Dissemination.

CHAPTER VIII

SCORING CRITERIA FOR PROPOSALS

Art. 60 The Selection Subcommittee will evaluate the applications based on the four scoring criteria (A, B, C, and D) outlined in the table below, to rank the projects with a score ranging from zero to 25 (twenty-five).
