

CAPES-GLOBAL.EDU PROGRAM

The CAPES-Global.edu Program is an initiative of the Brazilian Coordination for the Improvement of Higher Education Personnel (CAPES) to foster international cooperation between networks of Brazilian higher education institutions and global academic partners. Through strategic themes, the program seeks to support research and education initiatives that address global challenges.

the program seeks to support research and education initiatives that address global challenges.

PROGRAM OBJECTIVES

- Foster partnerships between Brazilian institutions from different regions of Brazil and with different levels of international experience.
- Promote international academic experiences for students, researchers, faculty and staff.
- Encourage collaboration with society entities to enhance institutional relevance. This objective includes actions focused on teaching, research, extension, innovation, leadership, sustainability, and social and environmental awareness.
- Stimulate the improvement of governance within HEIs and the development of professionals for international management.

MAIN CHARACTERISTICS OF THE NETWORKS:

- Strategic Collaboration and Internationalization.
- Sharing Experiences in Internationalization.
- Promoting an International Environment within HEIs.
- Focus on Strategic Themes aligned with the national priorities and SDGs.

HOW DOES CAPES-GLOBAL.EDU WORKS?

The internationalization networks will consist of one coordinating Brazilian HEI and up to five associated Brazilian HEIs, including institutions from various regions of Brazil. The networks will define strategic themes aligned with national priorities and SDGs to cooperate with international HEIs.

The program's budget forecast is R\$ 350 million reais per year, with funding planned for four years and evaluations for renewal after two years.

PROGRAM BENEFITS

CAPES-Global.edu offers the opportunity to:

- Expand international cooperation and visibility.
- Strengthen research capacity.
- Promote academic and scientific development.
- Increase international mobility.

Funding in Accordance with the Network Proposal Approved by CAPES:

- Resource for international missions
- Scholarships Abroad:
 - Sandwich Doctorate (Research Internship)
 - Visiting Professor
 - Training
- Scholarships to Receive Partners in Brazil
 - Visiting Professor
 - Young Talent
 - Pós-doctorate
 - Sandwich Doctorate in Brazil (Research Internship)

HOW TO PARTICIPATE (FOR INTERNATIONAL INSTITUTIONS)

Find your Brazilian HEIs Partner

-Networks are encouraged to build or consolidate partnerships with foreign institutions with expertise in the themes selected by the networks.

Expectations for the International Institutions:

-Collaboration may include joint research projects, student, faculty and staff mobility, innovation initiatives, extension and capacity-building activities.

-Participation can involve hosting Brazilian scholars, researchers or staff, sending visiting researchers and student and cooperate in international projects.

-Partnerships should be balanced, ensuring that both parties share the benefits equally.

-The institution should demonstrate a commitment to inclusion and diversity, promoting equal opportunities while considering the different needs and perspectives of participants.
