Single Digital Address
for every citizen

SIMPLEX

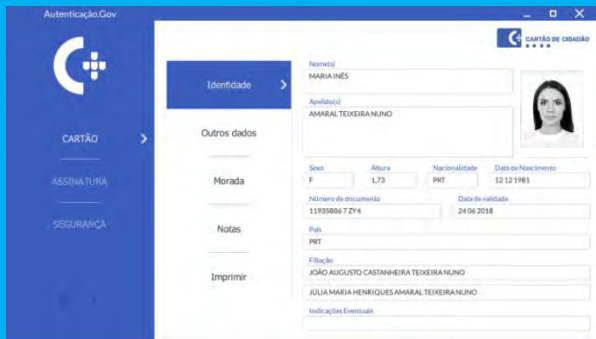

AUTHENTICATION.GOV

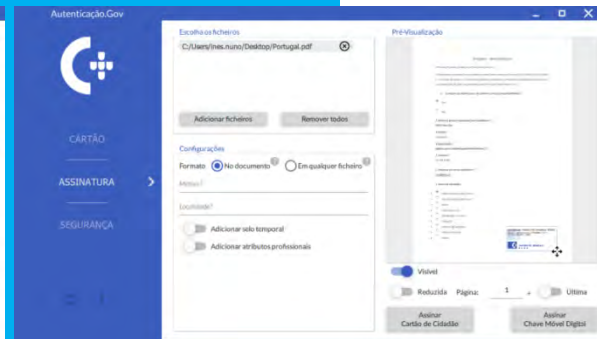

- Authentication.Gov is responsible for authentication solutions aimed at **ensuring physical and digital safety, reducing the risks of fraud and preserving the rights of confidentiality and privacy of personal data**
- Its main objectives include simplification, safety, and development of efficient and rational digital services, in conformity with European Union requirements

For more information, visit autenticacao.gov.pt

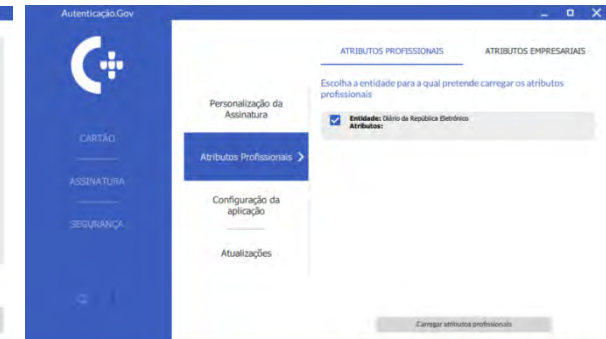

AUTHENTICATION.GOV

CITIZEN CARD (2007)

ELECTRONIC SIGNATURE

PROFESSIONAL ATTRIBUTES (2017)

SIMPLEX

DIGITAL MOBILE KEY

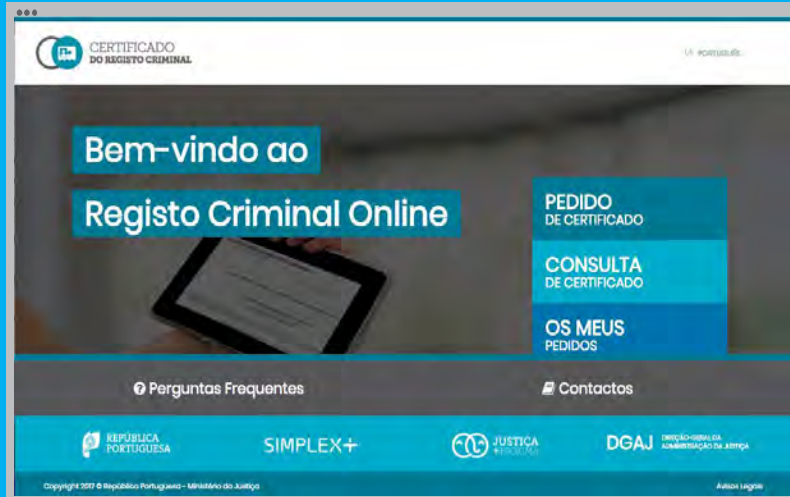

- A single PIN for every public site (no need to memorize multiple passwords)
- A two factor authentication, ideal for smartphones: PIN Code + One Time Password (by SMS or APP)

It also allow digital signatures!

DIGITAL MOBILE KEY

- Criminal Record certificate request service, an example of a public administration site that use digital mobile key.
- Provides the request of the certificate online.

DIGITAL MAILING

- **Single Digital Address** for every citizen.
- Provide the public electronic notification service associated with **Single Digital Address**, enabling citizens and companies to be notified of messages from public services, at their personal email address.
- **Reduce the use of paper letters.**

DIGITAL BANK ACCOUNTS OPENING

- Enable the **opening of a bank account** only with the presentation of the **Citizen Card** , automatically communicating the necessary data relating to **identification, address** and **work situation** of the client.
- **Address change** of the bank is carried out through the communication of the address of the Citizen's Card, **eliminating the process of proofing** the new address.

SIMPLEX

IAP - INTEROPERABILITY IN PUBLIC ADMINISTRATION

(Services, Payments and Messaging)

Central, Services-oriented platform, providing the Portuguese Public Administration shared tools that enable, in an agile and cost-effective way, automated electronic services.
