

Paris 1st January 1890

Dear Domingo

For many years, this is the first time that you pass your birthday away from us, but in compensation you have this year Belinha, that will take our place. I hope you will have many happy returns of the day, & that you will see as many as you wish to see with good health, happiness & prosperity, at dinner we shall drink your health & of Belinha & her family.

I went to church this morning at 11, & after breakfast, I, Marietta & Henrique we went out to walk, I came back after

1 hour & half walk, but Henry &
Clarissa went on the walk
daily for 3 or 4 hours, which is
good. I wanted your mother
to come with us, but in a carriage
but she is still afraid to go out &
to a certain extent she did right
because it is bitingly cold to day.
There is no sun today & I expect
we shall have snow very soon.
I have received your letter & will
reply to it by the French mail
of the 5th. But.

Remember me as usual, wishing
him happy new year & many
of them. ~~to~~ ^{to} Magalhães.

Your father

L. S. Lacombe
my compliments to Jacobine.
Sincerely

Don't forget my business
on the 27th January

but don't wait until the last
day, have it done 2 or 3 day
before, I will rather lose
3 day interest & have the
business settled in time
& all right. I hope you will
have every thing done right
