Dear Georg.

I am sorry to hear from Bibiche that you are annoyed with me and that I treated you family last Sunday. I was very unwell and very very upset with everything in general, if you were in my position you would be also - I owe you some explanation about my objection to Maisie going to Casambu. I told Bibiche if she liked to send her to do so but against my wish, if Gabby was alone, I would not have objected for one moment, but when I heard that Madame Maeset was going also, I then raised the objection, as after the most unpleasant things that she has said about Bibiche & myself and some of them in Bibiche's presence I did not feel justified in letting any of my children accompany her, in order to have further unpleasant remarks thrown in ^{our} ~~your~~ faces. I do not intend troubling you with what she has said, but the last & thing that

has come to my ears, thro Bibiche as it was told to her, is the following):-

"We took Alvaro & Matilde ⁱⁿ simply to show off to others how good we were etc etc. & that in spite of being) paid for this Board, not only Braccoroti, but Cicy (when she was here) & the Ritchie, which was supposed to be paid for by Madame Masset, I never paid my Rent.!!!

Now, Georg, I can stand a lot but when such a lie is put about it makes me very annoyed, in fact I have told Bibiche I intend to avoid meeting Madame Masset any more and the sooner we get into another house the better. & over the other side if possible.

Now as far as we are concerned I have no reason I have never had, to be nasty to you, on the contrary I owe you many favours, and if you think by any action of mine last Sunday I hurt your feelings I certainly regret it; you have my reasons for objecting to let Maisie go, but if Bibiche still wishes her to go it is

in her hands to decide; I am very sorry all
 this has happened (but it was getting too
 awful,) for the child's sake as it would
 do her no end of good. Goodbye. &
 pleasant trip come back well.

With best love to your both.

Yours sincerely,

David J. Hill
