

THE SAN PAULO COFFEE ESTATES C.^o, L.^{TD}

S. PAULO — BRASIL

Chanaan, 30th April

1900

Dear Brune,

I notice from the "Gazeta de Noticias" that you have had the misfortune to lose your book-keeper and, as probably, you will be on the outlook for another I have a desire to offer you my services.

Should you consider my application, I would be pleased to know the terms you are prepared to offer.

My salary here is 350\$ per month and gratification, with free house, firewood, milk, doctor & medicine, which would, I think, correspond to 800\$ in Rio. Naturally you would require a man at once, this is my difficulty, only a week ago I had promised Julio Oliveira, the Manager here, to stay up to August, to see the "Cockle" well in. In any case, I am afraid I should require to give a month's notice, as there is absolutely no one to take my place, but should you consider me and could make it worth my while to make a change I would endeavour to get away somewhat before then.

Frankly speaking I am not quick at calculations, but I presume these will be done for me.

With kindest regards to Gabrielle and yourself in which May joins.

I remain,

Yours truly,
J. P. Ditchie

we are could make it with my table to
make a change, I would endeavor to get away

agreed to before then.
