Dear Mr. Caramelle!

With kindest regards,

The much news to report
to-day, markets very quiet, 3000 business
very small, only 2000 & then we pull
off 250 bags. Speculations with H. Rand
very little doing in Europe, but
South Africa seems to have got a little
the kind of Schmidt is doing the lion share
at prices shilling below 100's. Mr. Cooper
is very much upset about it.

Our subagents in Odessa, Wiborg
etc. are all very anxious to know
whether Mr. Caramelle will soon be able
to make offers again, please let us know
whether your negotiations with the
Vinas合作社 are proceeding, we should
very much like to be in the field again
when the new crop begins, & you know
there will be plenty of preliminary
work to do.

Codes. As you have all our Codes in
your custody, I suggest that you use
the Commercial Code in case you have
any communications to cable to us.

Excuse my very busy with Hilda
Hope you are in good health, I am
