

## **NATIONAL TRAINING SERVICES**

### **- 3<sup>rd</sup> level : Advanced NATO codification training course.**

This training course is intended for:

- codifiers and heads in charge of codification agencies having followed a basic training course and wishing to have a deeper knowledge of the NATO codification system.

This two days training course and its curriculum are based on the wishes of the participants. In addition to a basic summary of NATO codification, this training course is meant to deal with the difficulties met while codifying equipment stimulating mutual exchanges of experience.
