IAF Code: N/A

THS is an information technology service provider that operates on two main fronts: Software Development and Support: We carry out programming activities, updates, and management of software systems. We offer tailor-made solutions that range from the creation of custom systems to ongoing maintenance, ensuring that the specific business needs of our clients are met with efficiency and agility.

IT Infrastructure and Information Security: We supply, install, and manage essential IT components necessary for business operation and growth. Moreover, we implement robust cybersecurity solutions, protecting clients' digital assets from a variety of threats. This includes firewalls, antivirus, and services dedicated to intrusion prevention and security of end-user devices. Version of the Statement of Applicability: v.1.1.

This certificate is valid from **03/20/2024** to **03/20/2027**

Original certification date: **03/20/2024**

Issue Date: **03/20/2024**

This registration is subject to the company continuing to maintain an effective control of the above mentioned management system, which shall be monitored by QMS Certification.
