

Facing fire in a changing world: Reducing Vulnerability of Landscapes and People by Integrated Fire Management

Frete a Frente com o fogo em um mundo em mudança: redução da vulnerabilidade dos ecossistemas e das populações por meio do manejo integrado do fogo

Date: 2019, 28 October to 1 November | 28 de outubro a 01 de novembro de 2019
Local: Campo Grande - MS - Brazil | Campo Grande - MS - Brazil

Subtema 2: Concepto de Manejo Integral del Fuego para estabilizar los ecosistemas afectados por el fuego y promover territorios resilientes

	Lunes, 28/10	Martes, 29/10	Miércoles, 30/10	Jueves, 31/10	Viernes, 1er/11
9:00-11:00	Auditorio Manoel de Barros Ceremonia de Apertura y Sesión Plenaria - Wildfire+30	Auditorio Manoel de Barros Sesión Plenaria: El papel de las mujeres en el manejo integral del fuego	Día de campo	Auditorio Manoel de Barros Sesión Plenaria: El papel de las empresas de silvicultura en la conservación, prevención y combate a los incendios forestales	Auditorio Manoel de Barros Sesión Plenaria: Comunidades indígenas y tradicionales y el conocimiento sobre manejo integral del fuego
11:00-12:30		Auditorio Germano Barros de Souza Facilitadora: Christian Berlinck		Auditorio Tertuliano Amarilha Facilitador: Christian Berlinck	Sesión de Poster
		913 Widespread native forests rarely burnt are at risk of high-severity fires David Bowman, Lynda Prior, Dario Rodriguez-Cubillo		1087 Modelling for Integrated Fire Management Sergey Venevsky	
		1012 O Projeto Noleedi (fogo no idioma Kadiwéu): efeito do fogo na biota do Pantanal sul-mato-grossense e sua interação com os diferentes regimes de inundação Paulo Robson Souza, Maxwell da Rosa Oliveira, Thiago Silva Teles, Sylvia Torrecilha e outros.		1322 From burned forest to streams water: fire effects on water quality and nutrient fluxes Mercedes Bustamante, Leticia Gomes, Fabio Miranda, Nubia Santos Marques	
		1246 Paludiculture and improved fire management as key towards sustainable shifting cultivation practices on peatland Johannes Kieft			
		1324 Sinergismos de variáveis climáticas e incêndios florestais no Estado do Acre Sonaira Souza da Silva			

Almuerzo				Almuerzo		
	Auditorio Tertuliano Amarilha Facilitadora: Anja Hoffmann		Sesión Especial	Día de campo	Auditorio Manoel de Barros e Hall Festival de Mascotas	Auditorio Manoel de Barros Sesión Global y Clausura
14:00-14:20	1305	Global fire challenges in a warming world: Summary Note of a Global Expert Workshop on Fire and Climate Change				
		Natasha Ribeiro, Mike Kleine, Mike Wotton, Bill de Groot, Janice Burns, François-Nicolas Robinne				
14:20-14:40	1057	Fire in the Xingu region: its determinants and effects on vegetation and socio-environmental relevant resources				
		Marcia Macedo, Divino Silvério, Paulo Monteiro Brando, Robson Oliveira, Leandro Maracahipes, Eddie Lenza, Hellen Almada, Leonardo Maracahipes-Santos				
14:40-15:00	1297	What can we learn from long-term fire experiments? Fire behavior, fire effects on vegetation and flammability of the Cerrado				
		Alessandra Fidelis				
15:00-15:20	1201	Simulating the effect of fire frequency on the vegetation biomass and carbon emissions in the Brazilian savanna: BEFIRE model				
		Leticia Gomes da Silva				
15:20-15:40	1329	Effects of different experimental fire regimes on the herbaceous-subshrub vegetation layer in Integrated Fire Management areas in Cerrado open savannas				
		Cássia Beatriz Rodrigues Munhoz, Isabel Belloni Schmidt, Ana Carla dos Santos				

15:40-16:00	1330	<p>Early-dry season prescribed burns used for fire management maintain woody vegetation structure in Cerrado open savannas</p> <p>Samuel da Rocha Montenegro</p>	Sesión Especial	Día de campo	Auditorio Manoel de Barros e Hall Festival de Mascotas	Auditorio Manoel de Barros Sesión Global y Clausura
