<b>GENERAL INSTRUCTIONS</b>
-----------------------------

- I. This questionnaire requests information to enable the Department of Trade Remedies (DECOM) to determine whether your company dumped in Brazil polyester textured filament yarn (*Draw Textured Yarn*), usually classified under subitems 5402.33.10, 5402.33.20 e 5402.33.90, Mercosur Common Nomenclature (NCM – Nomenclatura Comum do MERCOSUL), originating in China.
- II. In addition to the instructions in this questionnaire, the remarks contained in the notification related to the initiation of the investigation must be observed.
- III. The cover page of your response to the questionnaire should be the document signed by the person who possesses power to act on behalf of the company, pursuant to the model in Appendix I.
- IV. All documentation to be presented to DECOM must always refer to the like product and to the number assigned to the process designated on the cover page of this questionnaire.
- V. The responses must be clear and precise, indicating the provided information sources. Any information considered relevant or relatable to the process, even if not requested, can be presented.
- VI. Responses to the questionnaire should reflect exclusively the company's sales transactions, even if the company controls or is controlled by another, or if it is associated or related to a Brazilian importer.
- VII. Under no circumstances will responses from producer/exporter along with those from Brazilian importers be accepted.
- VIII. DECOM may conduct on-the-spot verification to examine the company's records and confirm the reported information. Worksheets and auxiliary documents used on the elaboration of the questionnaire response must be preserved, in case of an eventual on-the-spot verification. Under no circumstances spreadsheets pre-elaborated by the company with the specific purpose of proving the reported data are going to be accepted. In case the company accounting system does not provide the information as requested by DECOM, the company has to demonstrate the calculation methodology used to gather the information requested.
- IX. In case there is an on-the-spot verification, during the procedure, DECOM may request the company to reproduce in real-time all the steps necessary to the extraction of the reported data.
- X. Information presented under confidential terms must be accompanied by suitable justification to the confidentiality request and by a non-confidential summary of the information judged as confidential. The impossibility of presenting a non-confidential summary must be duly justified.
- XI. Both justification as the non-confidential summary must appear in the restricted version of the questionnaire response.
- XII. The confidential version of the questionnaire response, as well as other confidential information, must contain the **CONFIDENTIAL** expression in all its pages, centralized at the top and at

the bottom of each page, in red.

- XIII. The restricted version of the questionnaire response must contain the **RESTRICTED** expression in all its pages, centralized at the top and at the bottom of each page, in blue.
- XIV. Public information treatment will be applied to all information that is not clearly identified as confidential or restricted.
- XV. A confidential version and a restricted version of the questionnaire response must be simultaneously protocolled.
- XVI. It is recommended that the files are named in a short form, XX\_YYYY\_nome file, being XX = file number (corresponding to the number of files sent) and YYYY = document terms (CONF or REST).
- XVII. The electronic files with the answers to the questionnaire must have the " pdf" extension and spreadsheets in formats/extensions ". xlsx" or ". xlsb.". The files in format." xlsx" or "xlsb" must be submitted compressed within electronic files in the format/extension ".zip"up to 30 (thirty) MB.
- XVIII. Files larger than 30 (thirty) MB must be partitioned. Spreadsheets in format." xlsx" can be displayed in format ". xlsb,"reducing its size. If not enough, it is suggested that appendages in format ". xlsx" is partitioned by tab/year or that the information of a given appendix is divided into periods, semesters or quarters, in order to avoid the division of the period into different files as much as possible.
- XIX. When processing the data, particularly in “.xlsx” formatted tables, the alphabetic fields must be entered left-justified and the numeric fields right-justified.
- XX. The dates must be formatted as date fields, and not as alphabetic fields, in the 12/34/5678 format, in which: positions 1 and 2 are equal to (=) day, positions 3 and 4 equal to (=) month, positions 5 to 8 equal to (=) year.
- XXI. Data correspondent to monetary values must be filled separating the thousands by dots and the cents by commas. For example: 2.2550,30.
- XXII. All fields must be filled. In case which there is no response to numeric fields, type number zero; in case there is no response to alphanumeric fields, type the words “none”, “does not apply”, “not available”, according to each case, explaining the reason.
- XXIII. All worksheets must contain the calculation memory and all formulas used.
- XXIV. It is suggested that documents delivered in PDF format be searchable. When scanned, which are preferably processed with OCR technology to enable contentsearch. In the case of born-digital documents, it is recommended that the content be indexed and searchable.

XXV. Preferably, the response to the questionnaire shall be lodged through “peticionamento intercorrente” SEI Processes Nos 19972.001693/2024-74 restricted and confidential 19972.001692/2024-20 confidential in the Electronic Information System - SEI, available in <https://www.gov.br/gestao/pt-br/assuntos/sei/usuario-externo-1> .
