**SECTION 3 - Consent and Signature**

I, the individual identified above, hereby grant permission to the Federal Police (Polícia Federal), within the scope of the "Projeto Origens" (Origins Project), to analyze the data generated by my biological sample included on the **GEDMatch** platform.

I understand that the objective of this work is to analyze my genetic data with the purpose of attempting to locate biological relatives and establish family relationships. I am aware that searches may reveal unexpected relationships.

Therefore, this permission includes the authorization to:

- Analyze my DNA data and the data obtained from the matches indicated by the GEDMatch platform;
- Authorize searches to be conducted in all Federal Police systems, public registries (cartórios), and other records, for the purpose of establishing my parental lineage;
- Authorize the inclusion of obtained results in reports, information, and official Technical Reports (Laudos Técnicos), using my legal name;
- Include the results in presentations and publications, provided that my identity data is preserved.
