Hello Tiago,

Tubarao is authorized to resell our products, we have sent reminders to our resellers to check our partners page and let us know if their details are missing or not, but as they have not complained about it.. then we have not updated the list. Leni from Tubarao asked pricing yesterday, so I told her how to generate the quote for your needs.

At this moment both Tubarao and WeData asked for new licenses..? if you have an existing license that has active SMS, then they should ask for a renewal. So if you do have an active license, please share them the product key.

With best regards,

Toni Pärn

Message:

Hi, I´m from Brazilian federal police. We would like to confirm the partners you work here in Brazil. Last year was Techbiz, WeData and Tubarao Software. But the last one is not listed in your site anymore. Are techbiz and wedata the only ones representing Passware products in Brazil? I need a confirmation of this info to continue a 5 years renew of the software.

Best regards,

Tiago Melo
