Hello Tiago,

Thank you for reaching out.

1. We would like to keep our license mode as "perpetual" instead of subscription. Is it possible?

Perpetual means having a subscription. At this moment PK Forensic license is perpetual, meaning that in order to receive updates you would need to have SMS. Once it expires you no longer get updates, but can continue using the software. At the end of this year we will change our perpetual licenses into annual termed licenses. If you want the license to be termed(not being able to use anymore) after 5 years, then we can set it up if needed.

2. In a 5-year contract, is it possible to have a yearly payment instead of a full payment at the beginning?

Full payment at the beginning.

3. Do you have a discount for a 5-year license instead of one? How much it would be in percentage? We would like to understand if a five-year license would be cheaper than per year and the percentage of this difference.

Please find pricing below:

PK Forensic with 1 year SMS: <https://passware.cleverbridge.com/156/uurl-n70xktkq8y>

PK Forensic with 5 year SMS: <https://passware.cleverbridge.com/156/uurl-y4uibvgtig>

With best regards,

Toni Pärn

Dear all,

I have a few questions regarding our passware acquisition:

1. We would like to keep our license mode as "perpetual" instead of subscription. Is it possible?
2. In a 5-year contract, is it possible to have a yearly payment instead of a full payment at the beginning?
3. Do you have a discount for a 5-year license instead of one? How much it would be in percentage? We would like to understand if a five-year license would be cheaper than per year and the percentage of this difference.

This information is required by law in Brazil, so we need these answers.

Best regarding,

Tiago Melo
